

Orange Water and Sewer Authority

ADVERTISEMENT REQUEST FOR PROPOSALS for a Comprehensive Coating Program OWASA CIP Project No. 278-46

June 19, 2014

****Visit OWASA's website (www.owasa.org) for the RFP****

Orange Water and Sewer Authority (OWASA) is hereby soliciting proposals from North Carolina licensed contractors to provide all labor, equipment, materials, and supervision for protective coating maintenance at OWASA's Mason Farm Wastewater Treatment Plant and 21 Sewer Collection System Pump Stations. The intent of this request is to enter into an On-Call contract with a North Carolina licensed protective coating contractor for OWASA's Comprehensive Coating Program (CIP Project No. 278-46).

The Request for Proposals (RFP) selection process is qualifications based. The On-Call Service Contract shall be in effect for three (3) years commencing upon the date stipulated in the Notice to Proceed. Through a Contract Amendment, this Scope of Services may be extended by up to two concurrent one-year extensions as mutually agreed by both parties.

All Proposers are required to attend a Pre-Proposal Meeting. The entire RFP can be found on OWASA's website (www.owasa.org) under What We Do; Developers, Contractors and Engineers; Invitations for Bids.....
